Welcome to
INTERNATIONAL SYMPOSIA ON HORTICULTURE
Emerging Challenges and Opportunities in Horticulture
Supporting Sustainable Development Goals

There are five main topics to be discussed in these international symposia, which will be packed in a symposium. These five topics enable the involvement of participants with various disciplines to support development of horticultural sectors that capture market opportunities, meet consumer preferences and improve the welfare of farmers and involved horticulture actors. The five topics are:

1. Promote the Exotics of Tropical and Sub Tropical Fruits to Enhance Competitiveness and Penetration into Modern Markets
2. Modern and Urban Farming System for Healthy and Safety Vegetable Products
3. Colouring the World with Ornamental Plant Innovations for Prosperity
5. Implementation of Integrated Crop Managements to Support Food Sovereignty Based on Bio-industry

ABSTRACT SUBMISSION

- The official language of ISH 2018 is English so only abstracts written in English will be accepted for reviews.
- Abstracts should not exceed 250 words in Microsoft Word format. Abstracts contain titles, authors, institutions, email of the first author, objectives, methodologies, and results.
- For registration and abstract/paper submission, please kindly create an ISH user account at:
  http://ish2018.hortind.net/index.php/registration/

PUBLICATION

The paper that has been improved according to the evaluator’s suggestion will be published in the form of proceedings, while the selected papers will be published in International Proceedings with DOI number and indexed by Scopus.
